The Junior League of America

WHAT IT IS

Groups of young women in most of the larger cities of the United States and Canada, who have the leisure and the desire to give of their services in volunteer work of a charitable nature.

ITS OBJECT

To foster interest among its members in the social, economic, educational, and civic conditions of their communities, and to make efficient their volunteer service.

Inasmuch as the New Haven Junior League feels that it could not have carried on its work of financing maternity cases in the hospitals, without the aid of its most generous friends, the League would like them to know to what advantage the money was expended.

Our first step was to secure the co-operation of the hospitals by obtaining a saving of from five to ten dollars on each case.

Secondly, in order to weed out the most needy cases, we accept only those patients referred to us by such organizations as; The Visiting Nurse Association, The Civic Protective Association, The Mental Hygiene Society, The New Haven Dispensary, and The Grace Hospital Dispensary. We also take other cases, providing a social service worker has investigated them. In this way, and by the aid of the Social Service Exchange, we feel that only the most deserving receive our aid.

We hope to carry on the same work another year, and expect to render even greater service, with the help of your generous patronage.

In addition to the support of maternity cases, effective work has been done by the Junior League members for the following organizations:

Free Kindergarten
Yale Hope Mission
Board of Health
Crippled Children's Aid
Grace Hospital
Connecticut Society for Mental Hygiene
New Haven Hospital and Dispensary
Organized Charities
Visiting Nurse Association
Day Nurseries
Lowell House

Neighborhood House
Neighborhood House Shop
New Haven Orphan Asylum
Young Women's Christian Association
Camp Fire Girls
Girl Scouts
New Haven Girls' Club
Florence Crittenton Mission
Girls' Friendly of Saint Paul's and Trinity Churches, and other Church work
Davenport House

Members have also ushered at lectures and concerts, canvassed for the Community Chest Drive, and other drives, delivered Thanksgiving baskets of food and clothing, trimmed Christmas trees for various charities, done type-writing and addressed envelopes, and helped with cataloguing at the Library.

There is no woman, no matter what her age, character, type and inheritance of looks, who cannot by sensible attention to hygiene, by scientific preventive and curative care of person, by her meticulous grooming and delicately discriminating make-up achieve that indefinable allure, which is—like charm —“the bloom on a woman.” And it works in an enchanting circle, for to discover unsuspected beauties makes a woman happy and happiness makes her more beautiful.

To help your business carry on

AS a matter of sound practice, your business is insured against loss from fire and other physical damage. Doubtless you have protection also against credit risks, embezzlement, accidents, etc.

Yet—the death of an important executive may cripple your plans far more seriously than any loss against which your business is insured.

Let us show you how an Ætna Life Insurance Policy will minimize the inevitable loss that comes from the death of business leaders.

Arrange a definite time for an interview now!

DANERSK FURNITURE

Friendly, livable groups with the
 assurance of *authentic design*

The original of this wing chair was once the property of General Heath, of Revolutionary fame. We are reproducing Heath wing chairs for \$155.

THERE is nothing quite so interesting, individual, and friendly as Danersk Early American Furniture.

In our New England factories we have specialized for the last ten years in making the type of furniture most truly representative of the best in Early American design—tavern tables of oak, maple, and pine; quaint cupboards; dignified walnut highboys of beautiful burlled woods, with herringbone inlays; comfortable Queen Anne chairs and dining groups, developed from the choicest examples in design; and luxurious upholstered pieces for the living room.

The only places where Danersk Furniture can be seen are listed below. Call now, without obligation to purchase.

LOCKS AND BUILDERS' HARDWARE

"Lift up the latch—walk in!"

HOSPITALITY radiates from the colonial doorway when each detail is gracefully and genuinely in keeping. Latches and door handles are manufactured by Sargent & Company to harmonize with all colonial doorways, whether Dutch or New England in style. These handles may be used on one or both sides of the door, connecting with the Sargent Cylinder Lock that provides complete security. Their cor-

dial gleam of welcome comes from the finest solid brass or bronze. They are beautifully designed—as lasting and as satisfying as the home.

For every door and window in every room in your house there is the proper Sargent Hardware. And remember that it offers you the utmost in security and life-long service.
